

ELCCT's Volunteer of the Month
Luke Ricciardone

"As long as I can remember I have always had a love for animals. I began volunteering with Environmental Learning Centers of CT 2 years ago. I spend my summers volunteering at Harry C. Barnes Memorial Nature Center and the Indian Rock Nature Preserve caring for the animals, helping with special events and programs. When I'm not volunteering I enjoy singing and musical theater as well as taking care of my own chickens, rabbits and reptiles. I also enjoy camping, kayaking, and fishing. I really enjoy ELCCT and everything they do. I have learned so much since volunteering with ELCCT, and look forward to many more years!"

Thank you for your dedication, Luke!
