

ELCCT'S VOLUNTEERS OF THE MONTH

Marjolein & Jeff Ross

Marjolein & Jeff Ross have been volunteering with ELCCT for over 12 years and began with the 1st Colonial Dinner event at Indian Rock Nature Preserve. Over the years, Jeff has repaired tractors, re-built hay wagons, painted the Pebble House, added lighting to the camp changing rooms, purchased and replaced light bulbs at Harry C. Barnes Memorial Nature Center and Indian Rock Nature Preserve with energy efficient ones, repaired lighting for signs, driveways, walkways & parking lots. He referred individuals to donate canoes for summer camp and repaired some of the canoes himself. For the Colonial Dinner programs, he has set up all the lighting for the Wigwam Walk, helped build 2 reflector ovens, oversees the dining room, the sanitizing of all the glasses & dinner ware. Marjolein has helped to clean the Pebble House before and after the Colonial Dinners as well as wait tables and helps Jeff oversee the dining rooms. Most recently Marjolein helped clean the Pebble House before a cocktail party fundraiser and has volunteered to come each month and before events to help clean the facilities.

Marjolein & Jeff live in Canton, CT and are enthusiastic members & supporters of ELCCT and always ready to lend a hand at a moment's notice.

Thank you both for your continued support of ELCCT!
